© Stanton Williams ©Asif Khan ©Julian Harrap Architects  
All rights described in Chapter IV of the Copyright, Designers and Patents Act 1998 have been asserted.

All levels are in metres above Ordnance Datum.

All dimensions should be checked on site. Do not scale from this drawing. Stanton Williams to be advised of any variation between the drawings and site conditions.

To be read in conjunction with: architectural drawings and specification, structural and services engineers information, and fire / acoustic/ security strategies.

**Safety, health and environmental information**  
Please refer to pre-construction information and risk register. The notes below refer specifically to the information shown on this drawing.

#### Notes

- Survey Note**
- This drawing has been prepared using recent survey information where access has been possible. Large areas of the South Market remain tenanted and it has therefore not been possible to provide survey information for these areas. Some assumed information has been drawn from earlier survey and historic drawings but this remains unconfirmed. Where possible, drawn information is based on 3D survey information provided by Ploverman Craven in May 2018. The model was delivered in 5 volumes (01-05). Model revisions P01 in use for all volumes. 34629-005-001-001 (UMB) 22-M5-0001-004-S1-P01
  - The survey models provided by Ploverman Craven are in Revit version 2017. These have subsequently been upgraded to Revit 2023 by the Design Team for use in producing 2D drawings. Due to the upgrade process, the Design Team accept no responsibility for the accuracy / validation of the digital data supplied.

#### Drawing Notes

- To be read in conjunction with: Fire strategy - 0021 series, Acoustic strategy 0022 series, Security strategy - 0023 series, Layout plans - 0040 series, Internal walls - 22 series
- Where setting out from existing elements, contractor to survey prior to fabrication
- Contractor to ensure that all performance requirements are met
