Re: Andy Barlow, 14 Grange Farm Drive, Stockton, Warks CV47 8FT

We wish to confirm that Andy Barlow had been employed by JMS Specialist Joinery Ltd from February 1992 to October 2024. He started with us as a working Foreman wood machinist and spent 10 years in the machine shop producing high quality joinery. After 10 years he moved into the office as an Estimator/Buyer for 22 years until the company closed. During the time in the office, Andy worked on many high-quality high-profile Joinery fit out jobs such as AELTA Wimbledon court 1, Lords Cricket ground, New US Embassy London, St Pauls School London, National Gallery London, Millennium Bridge Hotel London just to name a few. The jobs that were estimated ranged from 5K to 3.5 million. We found him to be very reliable, hardworking, efficient and a highly regarded employee.

We would have no hesitation in recommending Andy to any company.

Should you wish to discuss Andy in greater detail please do not hesitate to contact me on 07976 288426.

Yours faithfully

Martin O'Brien
