Dear Sirs,

Re: The National Gallery, London

With reference to this enquiry for the above mentioned project, please list below any divergencies and sign & return this letter to confirm the statement below

We confirm that with the exception of the divergences listed below, we are fully compliant with the drawings and specification included within this enquiry

1	Fire Shutters assumed sizes from drawings. Costs may vary following either confirmation of sizes from contractor or site visit.	
2	Power – this is based upon power being in place prior to installation, by others.	
3	We have allowed for scissor and genie lift.	
4	Spec for shutters as per quotation. The fire shutters are fully compliant with regs so there is little to no flexibility on control specs with these.	
5	Costs are based upon installation within normal working hours. Monday – Friday 8am-5pm
